VENLA ALISA PAANILA

SKILLS

– By education I'm a programmer, but drawing and arts in genereal have always been close to my heart, hence I started doing graphic design.
– Because of my coding background, I feel that I'm ideal for Web design.
– I love working in a group and bringing up ideas and planning with the group.
– I'm also used to working alone, and I'm capable of coming up with my own ideas
